BRENT PRICE

Brent Price is a 2004 graduate of Southeast Missouri State University. He and his wife Sondra, currently have a daughter, Kylie, and are expecting their second child. Brent is the owner of Trimmers Lawn & Landscape that currently employs six people and manages approximately 250 properties per week in the lawn and landscape industry. Brent was born and raised in a town of 500 people on a Nebraska farm. It was on this farm that his parents instilled in him the value of friends, family, and work ethic. Prior to Southeast Missouri State, Brent attended McCook Community College in McCook, Nebraska where he received his Associates Degree. He then transferred to Doane College in Crete, Nebraska where he continued his elementary education studies and played on the baseball team.

Brent accepted Christ as his personal Savior in the late part of 2003 after he had been transferred to St. Louis with his company and became basically homeless. God showed Himself faithful and connected Brent with not only incredible Godly business men, but also men that remain his best friends to this day!

Brent's passions are his family, building a Godly and honest business, and hopefully being an example of how awesome God's power is if we will simply choose to obey His Word to the best of our abilities.
