PAUL & GRETTEL HAGLIN

Paul was a successful Customer Service Engineering Representative at McDonnell Aircraft and then an innovative real estate developer who designed and developed the Spirit of St. Louis Airport, the largest privately owned general aviation airport in the country.

Then, their wonderful lives were turned upside down when their eldest son, Chris, (11 years old) suddenly went into a coma and died in his sleep. They found themselves crying out for help from a God they had heard about but didn't know—AND HE ANSWERED THEM.

They were so comforted and astounded by the impact of God in their lives, that they began to search for Him with a real hunger. God introduced them and their three remaining sons to the person of His Son, Jesus. After months of seeking the baptism of the Holy Spirit, He gloriously filled all five of them. Paul and Gretel introduced an "inner healing ministry" to the St. Louis church community. They began to see God heal and deliver in increasingly astonishing ways. Many of their testimonies of God's Grace and mercy are included in their latest two books, *Contagious Godliness* and *Experience God in You Being God Through You*.

Please join us on October 15 to hear Paul's testimony.
